

June 2021

Over the past few weeks Coronavirus (COVID-19) numbers have begun to decline and National, State, and Local regulations have changed. At Moyer & Sons Moving & Storage the safety of our employees and our clients continues to be our utmost priority. We are updating our guidelines to keep in toe with current Federal, State, and Local recommendations.

In our workplace, Moyer & Sons will keep our current COVID-19 protocols by equipping all our offices and vehicles with disinfectant wipes, hand sanitizers, and facial masks for each employee. Our trucks undergo a strict daily cleaning regiment that meets all current government recommendations.

Updated Operational Procedures (effective **6/2021**) PLEASE READ CAREFULLY

- Moyer & Sons asks our customers continue to practice social distancing (6 plus feet) with our moving teams.
- Vaccinated persons interacting with Moyer & Sons employee face coverings will not be required, however are appreciated.
- Un-vaccinated persons interacting with Moyer & Sons employee face coverings will be highly encouraged.
- During the entire move process Moyer & Sons Employees are prepared to do much of their interaction with customers through phone calls, text, and/or virtually (ex. FaceTime, Skype, or Facebook Messenger Video). This includes estimates, walk throughs, and any questions you may have.

**Please remember that many of our staff are regularly present in communities that are overly susceptible to the COVID-19 variants, so many of our updated business regulations may be a bit more cautious than government guidelines.**

We recognize this situation will change periodically and Moyer & Sons will be dealing with any specific move related issues immediately and on a case-by-case basis. We will continue to monitor how this issue is being handled and will continue to provide updates via email, website and social media. Moyer & Sons remains committed to providing the superior service and support that you have come to rely on.
